

SERVICE REFERRAL & COMMISSION AGREEMENT

Election Powerhouse Inc. I _____

131 Continental Drive, Suite 305, Newark, New Castle County, Delaware 19713

Effective Date: _____, 2026

This Agreement is between Election Powerhouse Inc. ("Company") and _____ ("Referral Partner").

1. Referral Commission

_____ will receive 30% of the Net Profit earned by Election Powerhouse Inc. from marketing spend generated by any client or business opportunity the Referral Partner directly refers to the Company.

2. Net Profit

"Net Profit" means the amount the Company retains after deducting direct costs required to fulfill the client's marketing spend, including media costs, advertising costs, SMS/email costs, vendors, platforms, contractors, and other direct campaign expenses.

General company overhead unrelated to the referred client will not be deducted.

Example: If a referred client spends \$100,000 and the Company incurs \$10,000 in direct costs, the Net Profit is \$90,000, representing a 90% profit margin. The Referral Partner's commission would be 30% of \$90,000, or \$27,000.

3. Referred Clients

A client qualifies as a referral when the Referral Partner introduces or directly connects the client to the Company and that introduction results in business.

The commission will also apply to additional or repeat marketing spend from that referred client.

4. Payment

Commission is earned only on funds actually received and retained by the Company.

The Company will pay the Referral Partner within 15 business days after the applicable client payment is received and the Net Profit is calculated.

No commission is owed on refunds, chargebacks, unpaid invoices, or canceled transactions.

5. Financial Verification

At the Referral Partner's reasonable request, the Company will provide the necessary financial records and supporting documentation reasonably required to verify the revenue, direct costs, Net Profit, and commission calculation associated with the referred business.

This may include applicable invoices, receipts, vendor costs, payment records, campaign expenses, and other relevant financial documentation.

Any financial information provided will remain confidential and may only be used to verify commissions under this Agreement.

6. Independent Relationship

The Referral Partner is acting as an independent referral partner and is not an employee, officer, partner, or agent of the Company.

The Referral Partner does not have authority to enter into agreements or make commitments on behalf of the Company.

7. Confidentiality

Both parties agree to keep confidential any non-public pricing, client, financial, vendor, or business information shared in connection with this Agreement.

8. Termination

Either party may terminate this Agreement at any time in writing.

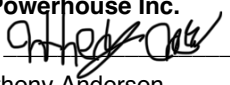

The Referral Partner will remain entitled to commissions on qualifying business from clients referred prior to termination.

9. Entire Agreement

This Agreement represents the full understanding between the parties regarding referral commissions and may only be modified in writing by both parties.
